GENERAL INFORMATION

Hall shop products are now shipped almost all over the world, and are known for their exclusiveness and uniqueness. They include attractive novelties in lacquered tin-ware, cast metal, decorated glass, wood, unusual toys and basketry. The choice of colors upon which designs are applied is left to the taste of our customers, but in compiling this catalog, for their guidance, we have selected the colors upon which we think each design is most effective. Regular ground colors are black, white, cream, gray, yellow, orange, light blue, bright dark blue, medium green, light green, rose, pink, café au lait, lavender and dull antique brown. We have for selection a great variety of designs both in bright colors and subdued tones. To avoid all errors in interpreting orders, we ask that the numbers noted beside each article be given.

The first number indicates the article; the second the design. If no color is specified we understand that selection is left to us.

In writing orders care should be taken to give full address, the street and number, town and state.

For cash remittance we advise Post Office and Express Money Order. We prepay all shipping charges anywhere in the United States and Canada.

Dealers are cordially invited to call at our New York office, 200 Fifth Avenue, where a complete line of samples is maintained.

CHARLES HALL, Inc.

SPRINGFIELD, MASSACHUSETTS, U. S. A.

DECORATED GLASS

Our application of colored designs to glass is a new departure, and the process which has been evolved as a result of our own experiments is unusual and the results most attractive.

While our glass is not vitrified, it is fired, and if handled with care in accordance with the instructions enclosed with each piece, will give good service.
